

**01/11/2021**

**Addendum 1**

**RFP for GradeAll excavator**

**This addendum is being issued to publish the technical questions and answers.**

1. Bid Surety Bond – Reading the description of this bond it sounds like it is pertaining to a construction project bid compared to a bid on a piece of equipment. Is that correct or is that something we would need for this bid also?

**A) No bid bond will be required for this procurement.**
