

PAVING/MILLING NOTICE

TUE, JUL 1, 2025

Bear Contracting will mill/pave the following streets, 6:30A to 6:30P (*weather permitting*).

MILLING

Stonehenge Rd | From Hampton to Brookstone

Frontage Rd | From 26th to 27th St

3300 Block Alley | Between Virginia and Kanawha River

3400 Block Alley | Between Virginia and Kanawha River

PAVING

Dogwood Rd | From Sweetbrier to End

Brookstone Rd | From Stonehenge to End

Motorists should use caution when traveling in this area. Minor delays may be experienced. Please follow directions of flag persons in newly paved areas. Take caution not to drive onto newly paved streets. Hot asphalt may damage vehicles. Parked vehicles must be removed from the street by 6:30 a.m. Please do not park on newly paved streets as car wheels may leave depressions in the asphalt which will hold water. Residents will receive a paving notice telling them that paving will occur within the next 24 hours barring inclement weather. It is not possible to predict exactly what time a work crew will be on a particular street. Any questions concerning this work can be directed to the City Engineer's Office at 304.348.8106
