SOLICITATION: 2026-28 CPD Transport Van Upfitting

Addendum Number: 2

Questions and Answers

Q1: Can we get the VIN number of each van?

A1: The VIN for Van 1 is 1GCWGAFP3T1236401. The VIN for Van 2 has not yet been provided; however, all specifications will match those of Van 1, with the exception that Van 2 will not include rear windows.

Q2: Does each van have the Optional rear HVAC set-up?

A2: The vans do not include an option for a rear HVAC system from the manufacturer. We are therefore requesting the HVAC kit that accompanies the three-compartment prisoner insert unit.

That information is found in section **3.2.2 TRANSPORT HVAC ADD-ON SYSTEM**

Q3: Can you explain in a little more detail what The City Of Charleston would like this warranty to cover? "Provide a minimum 5-year installation guarantee covering workmanship defects on both vehicles."

A3: The five-year installation warranty will cover defects in installation materials, improper installation, faulty workmanship, or any related installation issues. If a repair or replacement is required due to installer error, the installer will be responsible for providing the necessary professional corrective work. This warranty will be provided in accordance with the mileage requirements specified in the bid.
