EXECUTIVE SUMMARY

Pinnacle Consultants (Pinnacle) conducted an asbestos inspection at 1418 Washington St. Charleston, WV on 7/22/2025. The purpose of this inspection was to perform a visual inspection and collect bulk samples of suspect asbestos containing materials (acm) prior to planned renovation. This inspection was a limited scope inspection performed in accordance with directions agreed upon by the owner and Pinnacle. The inspector(s) certifications and licenses are in Appendix C.

The following materials were identified by laboratory analysis or presumed by the inspector to be asbestos containing.

- Approx. 5,400sf of Flashing located on Roof
- Approx. 1,010sf of Field located on Roof

SAMPLE COLLECTION

For this project a total of five (5) bulk samples were collected from two (2) homogeneous areas of suspected asbestos containing materials. Pinnacle performed the bulk sampling of suspect asbestos containing materials in accordance with generally accepted industry procedures as outlined in the Asbestos Hazard Emergency Response Act (AHERA). Each sample collected was placed into a clean, sealable container and labeled with a sample identification number. The sample identification number was recorded on the Bulk Sample Log Sheet/Chain of Custody. The location and quantities of the materials were recorded, and the materials were classified as Surfacing Materials, Thermal System Insulation or Miscellaneous Materials. If part of the Scope of Work, an assessment was performed on the materials to determine their condition and potential for disturbance.

SAMPLE ANALYSIS

The samples and Chain of Custody were submitted to our in-house licensed and NVLAP accredited laboratory for analysis by Polarized Light Microscopy (PLM) utilizing EPA-600/R-93/116 with dispersion staining. Based upon this method qualitative identification of the six regulated asbestos types of Chrysotile, Amosite, Crocidolite, Anthophyllite, Actinolite, and Tremolite are performed. The method specifies that the asbestos content be reported as a finite percentage with a range of zero (0%) to one hundred (100%) percent rounded to the nearest percent. If requested, Point Counting was performed on samples which had a total asbestos content of less than ten (10%) percent. This method cannot be performed on Non-friable Organically Bound (NOB's) materials such as roofing,

mastics, caulking, etc. For this specific project, there were no samples analyzed utilizing the Point Count method. The results for the PLM and Point Count analysis are included in Appendix B.

BULK SAMPLE RESULTS

Materials with more than one percent (>1%) asbestos are classified as Asbestos Containing Materials (ACM). For this specific project there were two (2) homogeneous areas which were identified as ACM. If these materials are in poor condition or will be disturbed during renovation or demolition, you must comply with Federal, State, and local regulations regarding proper handling and disposal. Appendix A contains the BULK SUMMARY TABLE which lists all materials that were sampled along with estimated quantities. If this report is to be used by a third party for asbestos removal, it is the responsibility of the abatement contractor to verify all quantities of ACM.

OSHA REQUIREMENTS

The requirements below are set forth in a letter of interpretation dated November 24, 2003, regarding the handling of asbestos containing materials which contain 1% or less of asbestos.

The Construction Asbestos Standard, 29 CFR 1926.1101, would apply even if neither asbestos permissible exposure limit (PEL) is exceeded. The standard contains numerous work practice requirements and prohibitions which apply, regardless of the exposure levels. However, only two of the requirements and three of the prohibitions must be observed in the case of work activities involving installed construction materials that do not

contain >1% asbestos. Those work practice requirements and prohibitions that must be observed regardless of the exposure levels and of the percentage of asbestos in the installed construction materials are:

- 29 CFR 1926.1101(g)(1)(ii), which requires: wet methods, or wetting agents, to control employee exposures during asbestos handling, mixing, removal, cutting, application, and cleanup, except where employers demonstrate that the use of wet methods is infeasible due to, for example, the creation of electrical hazards, equipment malfunction, and, in roofing, except as provided in paragraph (g)(8)(ii)2 of this section;
- 29 CFR 1926.1101(g)(1)(iii), which requires: prompt clean-up and disposal of wastes and debris contaminated with asbestos in leak-tight containers except in roofing operations, where the procedures specified in paragraph (g)(8)(ii)3 of this section apply;
- 29 CFR 1926.1101(g)(3)(i), which prohibits: high-speed abrasive disc saws that are not equipped with point-of-cut ventilator or enclosures with HEPA filtered exhaust air;
- 29 CFR 1926.1101(g)(3)(ii), which prohibits: compressed air used to remove asbestos, or materials containing asbestos, unless the compressed air is used in conjunction with an enclosed ventilation system designed to capture the dust cloud created by the compressed air; and
- 29 CFR 1926.1101(g)(3)(iv), which prohibits: employee rotation as a means of reducing employee exposure to asbestos.

However, if neither asbestos PEL is exceeded, only the following few provisions apply:

- 29 CFR 1926.1101(f)(2)(i), the provision for establishing that neither asbestos PEL is exceeded: Each employer who has a workplace or work operation covered by this standard shall ensure that a "competent person" conducts an exposure assessment immediately before or at the initiation of the operation to ascertain expected exposures during that operation or workplace. The assessment must be completed in time to comply with requirements which are triggered by exposure data or the lack of a "negative exposure assessment," and to provide information necessary to assure that all control systems planned are appropriate for that operation and will work properly;
- 29 CFR 1926.1101(f)(6)(i), a provision covering the observation of monitoring: The employer shall provide affected employees and their designated representatives an opportunity to observe any monitoring of employee exposure to asbestos conducted in accordance with this section;
- 29 CFR 1926.1101(f)(5)(i), a provision covering employee notification of monitoring results: The employer shall notify affected employees of the monitoring results that represent that employee's exposure as soon as possible following receipt of monitoring results;
- 29 CFR 1926.1101(f)(5)(ii), another provision covering employee notification of monitoring results: The employer shall notify affected employees of the results of monitoring representing the employee's exposure in writing either individually or by posting at a centrally located place that is accessible to affected employees; and
- 29 CFR 1926.1101(n)(2)(i)-(iii), a set of provisions covering recordkeeping for measurements of exposures to airborne asbestos.

However, if either the 8-hour Time Weighted Average (Permissible Exposure Level) currently set at 0.1 fiber per cubic centimeter or the 30-minute Excursion Limit set at 1.0 fibers per cubic centimeter is exceeded, the full standard shall apply.

LIMITATIONS

The field observations, measurements, and results reported herein are considered sufficient in detail and scope to determine the asbestos content of all materials sampled at the subject property. Every attempt was made to gain access to every area or to access representative materials entering or leaving such areas. Pinnacle Consultants accepts no liability, nor does it make any claims regarding asbestos or suspected materials that were not accessible during the inspection process. Especially if such material was located behind or within walls, concrete decks, sub-floors, chases, or was otherwise generally inaccessible without destructive sampling.

Because not all areas may have been accessible or even included in the inspection, extreme caution should be exercised during the renovation/demolition activities in the event suspect materials not identified in this report, known, or presumed to contain asbestos are exposed during these activities. In the event additional suspect materials that are not included in this report are discovered, all work with the potential to disturb this material should be stopped until a properly certified and licensed inspector performs sampling and analysis has concluded whether the material is asbestos containing or not.

This report or any statements or information contained herein shall not be interpreted to imply any conclusions or opinions related in any manner as to whether any potential health risks to individuals exposed to the building

environments were or were not present at the time of our inspection or may or may not develop at some time in the future. It is based upon conditions and practices observed at the property and information made available to Pinnacle. This report does not intend to identify all hazards or unsafe practices, or to indicate that other hazards or unsafe practices do not exist at the subject property.

This report is not a guarantee or warranty of any kind and was prepared for the exclusive use of the Client and Pinnacle Consultants and may be provided to others for disclosure purposes only. Prospective purchasers or any other interested parties are advised that this report is not intended for their use or benefit nor is it to be relied upon to ascertain the condition of the property. Pinnacle Consultants, their employees, agents and subcontractors do not assume any liability for hidden/latent defects, typographical errors, errors in quantities, or conditions of any kind. On no occasion shall total legal responsibility to any concerned party for any damage, losses, and causes of action go beyond the amount paid to Pinnacle for the preparation and publication of this specific document.

Pinnacle Consultants, its employees or subcontractors, shall not be legally responsible for any direct, indirect, incidental, special, consequential or exemplary damages, including (but not restricted to) damages for loss of investment, value, use, expenditure, or other intangible losses (even if Pinnacle has been advised of the possibility of such damages), resulting from: The use or the incapability to use this document or previously related documentation issued by Pinnacle; statements or behavior of any third party; or any other matter relating to our efforts regarding the referenced property.

Pinnacle Consultants has employed state-of-the-art practices to perform this analysis of risk and identification, but this evaluation is limited in scope to the areas and materials tested. Our services consist of professional opinions and recommendations made in accordance with generally

If the parties cannot resolve the matter without litigation, the Parties acknowledge and agree that either the Circuit Court of Kanawha County, West Virginia, or the Federal District Court for the Southern District of West Virginia shall have exclusive jurisdiction to resolve the breach, default, or other dispute giving rise to the litigation. Any language requiring or permitting disputes under the Agreement to be resolved in any other court is deleted. Vendor acknowledges and agrees that resolution agreements reached through consultation and negotiation, or any other form of dispute resolution, may be subject to approval by City's governing body during a public meeting.

28. MODIFICATIONS: This writing is the parties' final expression of intent. Notwithstanding anything contained in this Contract to the contrary no modification of this Contract shall be binding without mutual written consent of the City and the Vendor and, in order for any modification to be enforced against City, shall reference the Section of this Agreement to be modified and specifically identify the term, condition, or obligation to be modified. Any change to existing contracts that adds work or changes contract cost, and was not included in the original contract, must be approved by the City.

29. WAIVER: The failure of either party to insist upon a strict performance of any of the terms or provision of this Contract, or to exercise any option, right, or remedy herein contained, shall not be construed as a waiver or a relinquishment for the future of such term, provision, option, right, or remedy, but the same shall continue in full force and effect. Any waiver must be expressly stated in writing and signed by the waiving party.

30. SUBSEQUENT FORMS: The terms and conditions contained in this Contract shall supersede any and all subsequent terms and conditions which may appear on any form documents submitted by Vendor to the City, such as price lists, order forms, invoices, sales agreements, or maintenance agreements, and includes internet websites or other electronic documents. Acceptance or use of Vendor's forms does not constitute acceptance of the terms and conditions contained thereon.

31. ASSIGNMENT: Neither this Contract nor any monies due, or to become due hereunder, may be assigned by the Vendor without the express written consent of the City.

32. WARRANTY: The Vendor expressly warrants that the goods and/or services covered by this Contract will: (a) conform to the specifications, drawings, samples, or other

33. CITY EMPLOYEES: City employees are not permitted to utilize this Contract for personal use, and the Vendor is prohibited from permitting or facilitating the same.

34. PRIVACY, SECURITY, AND CONFIDENTIALITY: The Vendor agrees that it will not disclose to anyone, directly or indirectly, any such personally identifiable information or other confidential information gained from the City, unless the individual who is the subject of the information consents to the disclosure in writing or the disclosure is made pursuant to the City's policies, procedures, and rules.

35. YOUR SUBMISSION IS A PUBLIC DOCUMENT: Vendor's entire response to the Solicitation and the resulting Contract are public documents. As public documents, they will be disclosed to the public following the bid/proposal opening or award of the contract, as required by the Freedom of Information Act West Virginia Code §§ 29B-1-1 et seq. DO NOT SUBMIT MATERIAL YOU CONSIDER TO BE CONFIDENTIAL, A TRADE SECRET, OR OTHERWISE NOT SUBJECT TO PUBLIC DISCLOSURE. Submission of any bid, proposal, or other document to the City constitutes your explicit consent to the subsequent public disclosure of the bid, proposal, or document. The City will disclose any document labeled "confidential," "proprietary," "trade secret," "private," or labeled with any other claim against public disclosure of the documents, to include any "trade secrets" as defined by West Virginia Code § 47-22-1 et seq. All submissions are subject to public disclosure without notice.

36. LICENSING: In accordance with West Virginia Code of State Rules § 148-1-6.1.e, Vendor must be licensed and in good standing in accordance with any and all state and local laws and requirements by any state or local agency of West Virginia, including, but not limited to, the West Virginia Secretary of State's Office, the West Virginia State Tax Division, West Virginia Offices of the Insurance Commissioner, or any other state agency or political subdivision. Obligations related to political subdivisions may include, but are not limited to, business licensing, business and occupation taxes, inspection compliance, permitting, etc. Upon request, the Vendor must provide all necessary releases to obtain information to enable the City to verify that the Vendor is licensed and in good standing with the above entities.

36.1 SUBCONTRACTOR COMPLIANCE: Vendor shall notify all subcontractors providing commodities or services related to this Contract that, as subcontractors,

2026-01 Sojourner's Shelter Roof Replacement

they too are required to be licensed, in good standing, and up-to-date on all state and local obligations as described in this section. Obligations related to political subdivisions may include, but are not limited to, business licensing, business and occupation taxes, inspection compliance, permitting, etc. Notification under this provision must occur prior to the performance of any work under the contract by the subcontractor.

37. ANTITRUST: In submitting a bid to, signing a contract with, or accepting an Award Document from the City, the Vendor agrees to convey, sell, assign, or transfer to the City all rights, title, and interest in and to all causes of action it may now or hereafter acquire under the antitrust laws of the United States and the State of West Virginia for price fixing and/or unreasonable restraints of trade relating to the particular commodities or services purchased or acquired by the City. Such assignment shall be made and become effective at the time the City tenders the initial payment to Vendor.

38. VENDOR NON-CONFLICT: Vendor represents and warrants that neither it nor any of its directors, officers, members, partners or employees, has any interest nor shall they acquire any interest, directly or indirectly, which would or may conflict or compromise in any manner or degree with the performance of the Services or the provision of Materials as herein provided. Any such interests shall be promptly presented in detail to the City.

39. VENDOR RELATIONSHIP: The relationship of the Vendor to the City shall be that of an independent contractor, and no principal-agent relationship or employer-employee relationship is contemplated or created by this Contract. The Vendor, as an independent contractor, is solely liable for the acts and omissions of its employees and agents. Vendor shall be responsible for selecting, supervising, and compensating any and all individuals employed pursuant to the terms of this Solicitation and resulting contract. Neither the Vendor nor any employees or subcontractors of the Vendor shall be deemed to be employees of the City for any purpose whatsoever. Vendor shall be exclusively responsible for payment of employees and contractors for all wages and salaries, taxes, withholding payments, penalties, fees, fringe benefits, professional liability insurance premiums, contributions to insurance and pension, or other deferred compensation plans, including but not limited to, Workers' Compensation and Social Security obligations, licensing fees, etc. and the filing of all necessary documents, forms, and returns pertinent to all of the foregoing. Vendor shall hold harmless the City and shall provide the City with a defense against any and all claims, including, but not limited to, the foregoing payments, withholdings, contributions, taxes, Social Security taxes, and employer income tax returns.

40. INDEMNIFICATION:

In addition to, and not in lieu of the indemnity provisions set forth in this Section, Vendor agrees that it shall indemnify, defend and hold harmless City, its officers, employees and agents (hereinafter collectively, "City" for purposes of the indemnity, defense, hold harmless and insurance obligations contained in this Agreement) from and against any and all claims, demands, obligations, causes of action, lawsuits, fines, costs, judgments and damages of any character whatsoever, and all expenses associated therewith (including, but not limited to, reasonable attorney's fees and costs), arising from or related in any way to: (i) the operations of Vendor, its officers, agents, employees, subcontractors and its related or affiliated companies (hereinafter collectively, "Vendor" for purposes of the indemnity, defense and hold harmless obligations contained in this Agreement); (ii) Vendor's provision of the Services or Materials; (iii) any act or omission, negligence or misconduct of Vendor; (iv) a breach of this Agreement; (v) failure of Vendor to complete any required work as specified in the Agreement; or (vi) failure of Vendor to perform any obligation contained in the Agreement or otherwise agreed to by Vendor, whether written or oral. Vendor specifically acknowledges that the indemnification, defense, and hold harmless obligations imposed by this Agreement require Vendor to indemnify and defend City regardless of whether or not any claimant or litigant also alleges that City was negligent. Further, Vendor agrees that its duty to defend and indemnify City does not require a judicial determination of the Vendor's negligence as a precondition of the duty to indemnify and defend City.

In addition to, and not in lieu of the indemnity provisions set forth in this Section, Vendor shall be solely responsible for all physical injuries or death to its officers, agents, employees and subcontractors and, consistent with the obligations imposed by this Agreement, shall indemnify, defend and hold harmless City for such injury or death. Vendor shall be solely responsible for the safety and protection of all its employees, whether due to the acts and omissions, negligence, fault, or default of Vendor or not. Vendor hereby agrees to purchase and carry workers' compensation insurance for all its employees and to ensure that all of its subcontractors purchase and carry workers' compensation insurance for all of their employees.

In addition to, and not in lieu of the indemnity provisions set forth in this Section, Vendor shall be solely responsible for all damage to any property of the City or of any third-party related in any way to Vendor's operations, provision of the Services or Materials, or any act or omission, negligence or misconduct of Vendor. Consistent with the obligations imposed by this Agreement, Vendor shall indemnify, defend and hold harmless City for all such damage, and, in the event of damage to any property of City, shall promptly reimburse City for all costs and expenses of any character

2026-01 Sojourner's Shelter Roof Replacement

41. NO DEBT CERTIFICATION: The City is prohibited from awarding a contract to any bidder that owes a debt to the City. By submitting a bid, or entering into a contract with the City, Vendor is affirming that (1) for construction contracts, the Vendor is not in default on any monetary obligation owed to the City (2) for all other contracts, neither the Vendor nor any related party owe a debt as defined above, and neither the Vendor nor any related party are in employer default as defined in the statute cited above unless the debt or employer default is permitted under the statute.

Vendor agrees to maintain and retain separate and accurate books, records, documents, and other evidence and accounting procedures and practices that sufficiently and properly reflect all direct and indirect costs of any nature expended in the performance of this Agreement.

Vendor agrees to retain all books, records, and other documents relevant to this Agreement for ten years after the final payment or termination of this Agreement, whichever is later. City, State, and Federal auditors, and any other persons duly authorized by the City, shall have full access to and the right to examine any of said materials during said period.

Vendor shall submit any and all documentation and justification in support of expenditures or fees under this Agreement as may be required by City.

Vendor agrees to assist the City in enforcing any and all warranties and/or guarantees related to the Materials.

Vendor further warrants that, if any of its completed Services fail to conform to this Agreement or Attachment A, Vendor shall, at its own expense, and provided Vendor is notified of such defect or non-conformity within one year of the completion of the Services, either perform corrective services at no cost to City as may be required to correct such defect or non-conformity or refund to City the amount paid to Vendor for Services that are defective or non-conforming.

45. PROTECTION OF WORK AND MATERIALS; SUSPENSION OF WORK: Vendor shall at all times be solely responsible for the protection of all work and Materials against damage or injury. In the event of temporary suspension of work for any reason, including, but not limited to, inclement weather, Vendor shall immediately take all action(s) necessary to ensure the protection of all work and Materials against damage or injury.

City may suspend work if the City Manager or his designee determines that suspension is in the City's best interest and/or the City elects to terminate this Agreement for any of the provisions contained in this Agreement. The City Manager and/or the designee will deliver to Vendor a Notice of Suspension specifying the extent and duration of the suspension and the effective date thereof. Upon receipt of such Notice of Suspension, Vendor shall immediately proceed to stop work, as specified in the notice, place no further subcontracts or orders for materials (except as necessary to complete any work that is not subject to suspension), and take all action(s) necessary, including any action(s) that the City Manager may direct, for the protection and preservation of the Materials and any property related to this Agreement.

2026-01 Sojourner's Shelter Roof Replacement

If, in the opinion of the City Manager, any work or Materials have been damaged or injured by reason of failure on the part of the Vendor or his subcontractors to protect their work or Materials, such Materials shall be removed and replaced at the expense of the Vendor.

46. GOVERNING LAW: The Agreement shall be deemed to be executed in the City of Charleston, State of West Virginia, regardless of the domicile of Vendor, and shall be governed by the laws of the City of Charleston and State of West Virginia. 48. GENERAL RELEASE; WAIVER OF MECHANIC'S LIENS: The acceptance by the Vendor and its assignees of the final payment under this Agreement, whether by check, voucher, judgment of any court of competent jurisdiction or any other administrative means, shall constitute and operate as a general release to City from any and all claims of and liability to Vendor arising out of the performance of this Agreement. Vendor waives its right to file a mechanic's or other lien in connection with the provision of the Services or Materials.

49. NO CLAIM AGAINST OFFICER, AGENT, OR EMPLOYEES: No claim whatsoever shall be made by Vendor against any officer, employee, or agent of City for, or on account of, anything done or omitted in connection with this Contract.

50. 2026-01 Sojourner's Shelter Roof Replacement

51. FORCE MAJEURE: In the event of any condition or event, not existing as of the date of execution of the Agreement, not reasonably foreseeable as of such date, and not reasonably within the control of the parties which prevents in whole or in material part the performance of either party of its obligations hereunder, the obligations of each party to perform under the Agreement shall be suspended until the cause no longer prevents or makes impracticable either party's performance at which time all obligations shall resume. Either party shall have the right to terminate this Agreement upon written notice to the other should the condition or event continue for a period of two (2) days or more. Force Majeure events or conditions shall include, but not be limited to, riots, war, governmental action, strikes or lockouts (other than the parties), epidemics, floods, earthquakes, and explosions.

Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is a victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at <https://www.dol.gov/agencies/whd/government-contracts>.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (iii)).

The body of each wage determination lists the classifications and wage rates that have been found to be prevailing for the type(s) of construction and geographic area covered by the wage determination. The classifications are listed in alphabetical order under rate identifiers indicating whether the particular rate is a union rate (current union negotiated rate), a survey rate, a weighted union average rate, a state adopted rate, or a supplemental classification rate.

Union Rate Identifiers

A four-letter identifier beginning with characters other than ""SU"", ""UAVG"", ?SA?, or ?SC? denotes that a union rate was prevailing for that classification in the survey. Example:

PLUM0198-005 07/01/2024. PLUM is an identifier of the union whose collectively bargained rate prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. The date, 07/01/2024 in the example, is the effective date of the most current negotiated rate.

Union prevailing wage rates are updated to reflect all changes over time that are reported to WHD in the rates in the collective bargaining agreement (CBA) governing the classification.

Union Average Rate Identifiers

The UAVG identifier indicates that no single rate prevailed for those classifications, but that 100% of the data reported for the classifications reflected union rates. EXAMPLE:

UAVG-OH-0010 01/01/2024. UAVG indicates that the rate is a weighted union average rate. OH indicates the State of Ohio. The next number, 0010 in the example, is an internal number used in producing the wage determination. The date, 01/01/2024 in the example, indicates the date the wage determination was updated to reflect the most current union average rate.

A UAVG rate will be updated once a year, usually in January, to reflect a weighted average of the current rates in the collective bargaining agreements on which the rate is based.

Survey Rate Identifiers

The ""SU"" identifier indicates that either a single non-union rate prevailed (as defined in 29 CFR 1.2) for this classification in the survey or that the rate was derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As a weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SUFL2022-007 6/27/2024. SU indicates the rate is a single non-union prevailing rate or a weighted average of survey data for that classification. FL indicates the State of Florida. 2022 is the year of the survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. The date, 6/27/2024 in the example, indicates the survey completion date for the classifications and rates under that identifier.

?SU? wage rates typically remain in effect until a new survey is conducted. However, the Wage and Hour Division (WHD) has the discretion to update such rates under 29 CFR 1.6(c)(1).

State Adopted Rate Identifiers

The ""SA"" identifier indicates that the classifications and prevailing wage rates set by a state (or local) government were adopted under 29 C.F.R 1.3(g)-(h). Example: SAME2023-007 01/03/2024. SA reflects that the rates are state adopted. ME refers to the State of Maine. 2023 is the year during which the state completed the survey on which the listed classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. The date, 01/03/2024 in the example, reflects the date on which the classifications and rates under the ?SA? identifier took

effect under state law in the state from which the rates were adopted.

WAGE DETERMINATION APPEALS PROCESS

1) Has there been an initial decision in the matter? This can be:

- a) a survey underlying a wage determination
- b) an existing published wage determination
- c) an initial WHD letter setting forth a position on a wage determination matter
- d) an initial conformance (additional classification and rate) determination

On survey related matters, initial contact, including requests for summaries of surveys, should be directed to the WHD Branch of Wage Surveys. Requests can be submitted via email to davisbaconinfo@dol.gov or by mail to:

Branch of Wage Surveys
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

Regarding any other wage determination matter such as conformance decisions, requests for initial decisions should be directed to the WHD Branch of Construction Wage Determinations. Requests can be submitted via email to BCWD-Office@dol.gov or by mail to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2) If an initial decision has been issued, then any interested party (those affected by the action) that disagrees with the decision can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Requests for review and reconsideration can be submitted via email to dba.reconsideration@dol.gov or by mail to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210.

6. DAVIS-BACON WAGE RATES:
(2 C.F.R. § 200.327 and Appendix II)

Vendor agrees that if this Contract includes construction, all construction work in excess of \$2,000 will be completed and paid for in compliance with the Davis–Bacon Act (40 U.S.C. 3141–3144, and 3146–3148) as supplemented by Department of Labor regulations (29 CFR Part 5, “Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction”). In accordance with the statute, contractors must:

A copy of the current prevailing wage determination issued by the Department of Labor is attached hereto as Exhibit B. The decision to award a contract or subcontract is conditioned upon the acceptance of the wage determination. Under 40 U.S.C. 3702 of the Act, Vendor is required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the non-Federal award.

13. PROCUREMENT OF RECOVERED MATERIALS

(2 C.F.R. § 200.327 and Appendix II; 2 C.F.R. § 200.323)

Vendor agrees that it and the City must comply with section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired during the preceding fiscal year exceeded \$10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

14. PROHIBITION ON CERTAIN TELECOMMUNICATIONS AND VIDEO SURVEILLANCE SERVICES OR EQUIPMENT.

(2 C.F.R. § 200.327 and Appendix II; 2 CFR § 200.216)

Vendor and City agree that both are prohibited from obligating or expending funds under this Contract to:

- (1) Procure or obtain;
- (2) Extend or renew a contract to procure or obtain; or
- (3) Enter into a contract (or extend or renew a contract) to procure or obtain equipment, services, or systems that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. As described in Public Law 115–232, section 889, covered telecommunications equipment is telecommunications equipment produced by Huawei Technologies Company or ZTE Corporation (or any subsidiary or affiliate of such entities).
 - (i) For the purpose of public safety, security of government facilities, physical security surveillance of critical infrastructure, and other national security purposes, video surveillance and telecommunications equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities).
 - (ii) Telecommunications or video surveillance services provided by such entities or using such equipment.
 - (iii) Telecommunications or video surveillance equipment or services produced or provided by an entity that the Secretary of Defense, in consultation with the Director of the National Intelligence or the Director of the Federal Bureau of Investigation, reasonably believes to be an entity owned or controlled by, or otherwise connected to, the government of a covered foreign country.

In implementing the prohibition under Public Law 115–232, section 889, subsection (f), paragraph (1), heads of executive agencies administering loan, grant, or subsidy programs shall prioritize available funding and technical support to assist affected businesses, institutions and organizations as is reasonably necessary for those affected entities to transition from covered communications equipment and services, to procure replacement equipment and services, and to ensure that communications service to users and customers is sustained.

VENDOR PROTEST ACKNOWLEDGMENT

In the event that any vendor desires to protest City's selection, such vendor (hereinafter "Protestor") shall submit its protest in writing, which must be received by City within seven (7) calendar days of after City Council approves of the award. Provided that the City Manager reserves the right to extend the time for submission of the protest if he determines it is reasonable under the circumstances.

The written protest must be submitted to: **Benjamin Mishoe, City Manager, City of Charleston, 501 Virginia Street, Charleston, WV 25301.**

Only vendors who have submitted a timely and responsive proposal may protest City's selection. No protest may be filed if the RFP is withdrawn or if all proposals received in response to the RFP are rejected.

Protests shall include the following information:

1. The Protestor's name, address, telephone number, and fax number;
2. The solicitation number;
3. A detailed statement of the legal and/ or factual grounds for the protest;
4. Copies of all relevant and supporting documentation, if necessary; and
5. A statement as to the form of resolution or relief sought.

FAILURE TO SUBMIT THIS INFORMATION SHALL BE GROUNDS FOR REJECTION OF THE PROTEST.

The City Manager may refuse to review any protests when the matter involved is the subject of litigation before a court of competent jurisdiction; if the merits have previously been decided by a court of competent jurisdiction; or if it has been decided by the City Manager in a previous protest.

At the time of submitting the written protest, Protestor shall submit a certified check in the amount of one thousand dollars (\$1,000.00) or bond equal to five percent (5%) of the price of the selected proposal, whichever is greater. In the event the proposal being protested is for contracted services, an estimated average of the contract value will be determined in order to calculate the five percent (5%) bond value. This bonding requirement is designed to protect against frivolous claims and unnecessary expenditures of public funds and to allow City to offset any and all costs, fees, expenses or damages of any kind whatsoever incurred by City as the result of an unsuccessful protest.

In the event the protest is unsuccessful, the certified check or bond will be used by City to recoup any and all costs, fees, expenses, or damages of any kind whatsoever incurred by City and related in any way to the unsuccessful protest. Costs, fees, expenses, and damages shall include, but shall not be limited to, increased costs of labor, materials or services resulting from any delay,

professional fees, including, but not limited to, attorney fees, and all costs, fees or expenses of any kind whatsoever related in any way to the unsuccessful protest. By signing this document, Protestor waives the right to receive any money retained by City as set forth herein. If there are any funds remaining after City has recouped amounts as permitted herein, the remaining funds will be returned to Protestor. In the event Protestor is successful, the full amount of the certified check or bond will be returned to Protestor.

Upon receipt of a timely written protest, City shall provide notice of the protest to vendor selected as the successful bidder (hereinafter "Selected Vendor") and provide Selected Vendor with a copy of the written protest and any documents related thereto. **Selected Vendor will have two (2) business days to file a written response to the protest.** A hearing may be held within five (5) business days of the **date of receipt of the written response to the protest by Selected Vendor**; provided that, City may, in its sole discretion, set the date of the hearing beyond the five (5) day time period specified herein if deemed necessary or convenient to do so by City. If a hearing is held, both Protestor and Selected Vendor will have an opportunity to appear and present evidence and testimony in support of their positions. The hearing will be held before the City Manager or his designee. The department head of the department seeking the RFP and the City Attorney shall be in attendance.

A decision will be made by City within five (5) business days of the hearing. Upon a decision having been made, both Protestor and Selected Vendor will be notified in writing of City's decision.

In the event City's selection is reversed, City will reevaluate all proposals which were originally and timely submitted, in accordance with state and city laws and regulations. During the reevaluation, issues addressed during the protest proceedings may be considered.

Once a written protest is filed, no work will be performed by Selected Vendor until such time as City has rendered a final decision on the protest; provided that, if City, in its sole discretion, determines time is of the essence regarding receipt of the goods or completion of the services to be performed, City may permit Selected Vendor to proceed pursuant to its proposal and any Agreement with City, until/unless the protest is successful.

By submitting a proposal, each vendor agrees that the procedure outlined herein is the exclusive remedy available to challenge/protest the award of a contract to a successful bidder. The decision of the city manager is final and is not appealable. Each vendor further agrees that, in the event any qualified vendor fails to submit a written protest and certified check or bond within the time period specified, that vendor thereby forever waives its right to any further claim, action, or remedy, including, but not limited to, the right to bring an action before any administrative agency or any court of competent jurisdiction.

INTRODUCTION TO THE CITY OF CHARLESTON MUNICIPAL BUSINESS AND OCCUPATION TAX FOR CONSTRUCTION PROJECTS

Before starting any contracting work in the City of Charleston, all contractors must be registered with the Office of the City Collector ("City Collector"), and be current on all city taxes and fees. The Office of the City Collector is responsible for tracking and collecting all taxes and fees due on any and all construction projects in Charleston. If you are not currently registered with our office, but intend to perform construction work in the city, please complete a *Business Registration Application* and return it to our office.

The purpose of this Project Handbook is to educate individuals performing contracting activities in the City of Charleston of their Business and Occupation ("B&O") Tax responsibilities, as outlined in Chapter 110, Article II of the Code of the City of Charleston. Included in this handbook are pertinent sections of the state and city code regarding B&O taxes as they relate to contracting activities. In addition, we have also included examples of various forms and documents utilized by our office in our continuing effort to monitor and track your project throughout the construction process.

Any construction project with an estimated cost of \$50,000 or more will be monitored and tracked by our Tax Compliance staff. A Tax Compliance Officer will work closely with you throughout the duration of the project. In order to determine the proper amount of taxes and fees due, we will request complete lists of payments you received during the course of the project, as well as any and all payments made to subcontractors, service providers (architects, engineers, etc.), and suppliers, if applicable.

If you employ, utilize, or enter into a separate contract with any subcontractors, you should withhold at least two percent (2%) of the final contract amount from all subcontractors until a release is issued from the Collectors Office certifying that all taxes and fees due, including final payment/retainage, on this project have been reported/paid. Although the final payment/retainage may not have been issued to the subcontractor, the 2% B&O Tax on the final payment/retainage must be paid prior to the issue of an authorization to release funds. Please complete a *Subcontractor/Supplier/Installation & Service Provider Information Form* (see appendix D) for each contractor, supplier, installation & service provider you will be using.

We will make every effort to collect the taxes and fees due from your subcontractors. If they fail to report/pay their taxes and fees, you will be held responsible for their liability. Therefore, it is in your best interest as a general contractor, to make sure that all subcontractors that you hire are made aware of their B&O Tax liability to the City.

In addition to registering with the City Collector, all contractors must register with and obtain a contractor's license from the City Building Department. If you have any questions regarding your contractor license, please contact the Building Department at 348-6833.

The City Collector and Building Department are located in City Service Center at 915 Quarrier Street, Suite 4. Their offices are open daily Monday through Friday, 8 a.m. until 5 p.m., except holidays. Both departments are ready to assist you with any questions you may have regarding your city responsibilities and obligations.

BUSINESS & OCCUPATION TAX OVERIEW

The City of Charleston broadly imposes a Business & Occupation ("B&O") Privilege Tax upon all persons for the act or privilege of engaging in business activities within the City. The term "business" shall include all activities engaged in or caused to be engaged in with the object of gain or economic benefit, either direct or indirect. In determining whether a business is engaged in for "direct or indirect economic gain or benefit", the lack of profit suffered in said activity is not relevant; nor is it material that the business was engaged in without profit as the primary motivation.

B&O Tax is measured by the application of rates against values of products, gross proceeds of sale, or gross income of the business, as the case may be. All persons engaging in business activities in Charleston are subject to the B&O Tax unless specifically exempted by Chapter 110, Article II, Section 110-63 of the Code of the City of Charleston.

Certain occupations and business activities are classified, and the classifications are significant inasmuch as the tax liability varies because of the different rates established for the types of business activities engaged in by the taxpayer. The business activity usually determines the taxable classification, and where different business activities are conducted, the taxpayer is liable for tax under each taxable classification involved. If you are uncertain as to your business activity or how your business should properly calculate the tax, please contact our office.

B&O Tax returns are due within one month following the end of the taxable quarter. Quarterly payments are due in April, July, October and January. Penalty and interest will be applied against any return that is received after these months. If you did not conduct business activity during a particular reporting period, you still **must file a "zero" return.**

Prime contractor means a person engaged in the business of performing for others, contracts for the construction, repairing, decorating or improving of new or existing buildings or other structures under, upon or above real property either for the work or for a specific portion thereof. The terms "prime contractor" and "subcontractor" include, but are not limited to, persons performing labor and services in respect to the moving of earth or clearing of land, razing or moving existing buildings or structures even though such services may not be done in connection with a contract involving the constructing, repairing, or altering of a new or existing building or structure.

Code of the City of Charleston Section 110-56. BUSINESS OF CONTRACTING

(a) Upon every person engaging or continuing within the city in the business of contracting, the tax shall be equal to two percent of the gross income of the business. A person performing any contracting activity shall report his/her gross income therefrom under the contracting classification of the municipal business and occupation tax return and shall receive no deduction from gross income on the account of any expenses incurred. All income derived from said activity shall be reported under the contracting classification, and the form of contract entered into by the parties shall not be determinative of taxable classification.

(b) Form of contract. Persons engaged in the contracting business shall report the entire gross income under the contracting classification, regardless of whether the contract is a turnkey contract, lump sum contract, per unit contract, cost plus fixed fee contract, or other contract having a similar basis. Gross income received from a contracting activity must be reported under the contracting classification and the manner of performance, basis of determining cost, fee or income or form of contract shall not alter the definition of contractor or of contracting and shall not change the taxability of such income from the contracting classification to another classification. A contracting activity remains a contracting activity regardless of what the parties may name it and regardless of the manner in which the parties may make payment and perform work.

(c) Costs. The measure of the tax under the contracting classification is gross income and includes all items of cost where the contractor has incurred liability. The cost of materials and labor can only be exempted from the measure of the tax in those cases where the contractor is not liable to vendors or workmen for payment. In those cases where the contractor contends that he/she has not incurred a municipal business and occupation tax liability because he/she acted solely as an agent for the owner, the burden of proving alleged principal-agency relationship shall be upon the contractor.

(d) Separate contracts for labor and materials. In cases where the contractor enters into a separate contract for the furnishing of materials by the contractor and a separate contract for erection of such materials by the contractor, the gross income from both contracts is taxable under the contracting classification, unless it can be provided by the contractor that passage of title of the materials was not dependent upon the erection of the materials by the contractor and that the sale of such materials is, in fact, a separate and distinct transaction, taxable under the municipal business and occupation tax law, as a retail or wholesale sale, as the case may be. The contract to furnish materials shall not be considered a separate and distinct transaction from the contract to erect the same, unless it is established by the contractor to be a complete arm's length transaction with no dependency existing between the contract for materials and the contract for erection. The burden of proving any alleged arm's length transaction shall be upon the contractor.

(e) Separate purchase orders. A separate purchase order for the furnishing of work or labor and a separate purchase order for the furnishing of materials which constitutes the contract(s) between the parties shall be treated in the same manner as set forth in the paragraph above.

(f) Prime and subcontractors. A prime contractor, one who furnishes work or both materials and work under a written or oral contract, for the construction, alteration, repair, decoration or improvement of a new or existing building or structure or any part thereof, or for the alteration,

improvement or development of realty, must report his/her gross income under the contracting classification without any deduction on account of any expenses incurred. If the prime contractor executes a contract with another for a portion of the job or project, the prime contractor receives no deduction from gross income on account of any payment made to the subcontractor. The subcontractor will also be taxed on his/her gross income under the contracting classification.

(g) Contract entered into with government. Gross income received by a person for contracting activities performed for the State of West Virginia, the federal government or any of their instrumentalities, agencies, boards, commissions or political subdivisions, etc., or performed for nonprofit organizations is taxable and shall be reported under the contracting classification. The fact that the owner is a governmental unit or a non-profit organization does not relieve the contractor, subcontractor, supplier or any other person from liability for municipal business and occupation tax on the full amount of gross income.

Code of the City of Charleston Section 110-63. EXEMPTIONS

Furthermore, if the city collector deems it necessary to insure payment of the business and occupation tax, he may require a deposit to be paid by the taxpayer prior to when the taxes accrue and are otherwise payable. (c) All remittances of taxes imposed by this article shall be made to the city collector, in lawful money of the United States or by bank draft, certified check, cashier's check, money order or certificate of deposit, who shall pay the money into the city treasury, to be kept and accounted for as provided by law.

Code of the City of Charleston Section 110-83. EXTENSIONS OF TIME; PAYMENT PLANS

(a) The city collector, upon approval from city manager, may grant a reasonable extension of time for payment of tax or any installment, or for filing the fourth quarter return or quarterly return required pursuant to this article, on such terms and conditions that he may require. No such extensions shall exceed six months.

(b) The city collector, upon approval from city manager, may extend the time for payment of an amount determined as a deficiency for a period not to exceed 12 months from the date designated for payment of the deficiency. An extension of this time may be granted only where it is clearly established to the satisfaction of the city collector that the payment of a deficiency upon the date designated for payment would result in undue hardship.

(c) If any extension of time is granted for payment of any tax or deficiency, the city collector may require the taxpayer to furnish a bond or other security, in an amount not exceeding twice the amount for which the extension of time for payment is.

Code of the City of Charleston Section 110-84. RECORDS, STATEMENTS AND INVESTIGATIONS

(a) For the purpose of ascertaining the correctness of a tax return or an assessment for the purpose of making an estimate of any taxpayer's liability for the tax administered under this article, the city collector shall have the power to examine or cause to be examined, by any agent or representative designated by the city collector, any books, papers, records, memoranda or other documents bearing upon the matters required to be included in the return and may require the attendance of the person rendering the return or the attendance of any other person having knowledge of the matters contained therein. In connection therewith, the city collector may take testimony and shall have the power to administer an oath to such person.

(b) The city collector may prescribe rules and regulations as to the keeping of records, the content and form of returns and the filing of copies of city business and occupation tax returns and determinations. The city collector may require any person, by notice served upon such person, to make such returns and keep such records as the city collector may deem sufficient to show whether or not such person is liable under this article for such tax.

Code of the City of Charleston Section 110-35. REVOCATION OF LICENSES AND PERMITS

(a) The city collector has the authority to revoke any and all licenses and permits issued by the

city in the event a licensee/permittee fails to file any city tax return or fails to pay any delinquent taxes, fees or any interest or penalty thereon due and owing to the city. The city collector has the authority to deny and prevent any and all licenses and permit privileges to those persons who are delinquent in paying taxes, fees or any interest or penalty thereon due and owing the city.

(b) In the event of revocation, the city collector will provide written notice to the licensee/permittee at least five days prior to the contemplated revocation and such notice shall be served by certified mail. The notice shall indicate the time and the place of the revocation review meeting, the general grounds of said contemplated revocation, and shall advise the licensee/permittee of his/her rights to appear at said hearing in person and represented by legal counsel, and to be heard orally upon the merits of his/her defense. The city collector may request legal advice from the city attorney's office, and adopt such procedures for its decorum and the dispatch of business at such hearings as he/she may regard advisable. The revocation decision of the city collector will be final; provided, that those licensees/permittees who are subject to administrative or judicial appeals, pursuant to Sections 110-113 through 110-115, may utilize these procedures in accordance with the Code, but will not be grounds to delay the revocation process.

(c) Each license or permit that has been revoked pursuant to this section may be re-issued upon payment of all delinquent B&O taxes, fees or any interest or penalty thereon due and owing to the city.

Code of the City of Charleston Section 110-145. INTEREST AND PENALTIES

(a) The tax imposed by this article, if not paid when due, shall bear interest at the rate of at least eight percent per annum from the due date of the return until paid. The city collector may charge an interest rate equal to the adjusted rate charged by commercial banks to large business, in the manner described in W. Va. Code § 11-10-17a.

(b) If any taxpayer fails to make the return or any quarterly installment required by this article, or make his return but fails to remit, in whole or in part, the proper amount of tax, there shall be added to the amount of tax unpaid, from the date such tax should have been paid, a penalty in the amount of five percent of the tax for the first month, or fraction thereof, of delinquency, and one percent of the tax for each succeeding month, or fraction thereof of delinquency provided, that if such failure is due to reasonable cause, the city collector may waive, with final approval from the city manager, in whole or in part, these penalties. Additionally, if the failure to pay is due to fraud or intent to evade any such tax there shall be added an additional penalty of 25 percent of the tax owed, exclusive of penalties.

(c) Interest and penalties may be collected in the same manner as the tax imposed by this article.

Code of the City of Charleston Section 110-148. FINAL SETTLEMENT WITH CONTRACTORS; USER PERSONALLY LIABLE

(a) Any person contracting with a person engaged in a business or service taxed under this article shall withhold payment, in sufficient amount to cover taxes assessed by this article, in the final settlement of such contracts until the receipt of a certificate from the city collector to the effect that all taxes levied and accrued under this article against the contractor have been paid.
