Vendor shall dispose of all debris resulting from its work at its own expense and in conformity with applicable Federal, State, and local health and sanitary codes and laws. The final clean up shall be reviewed and approved by the City Engineer prior to final payment.

27. DISPUTE RESOLUTION, JURISDICTION AND VENUE: Any references to arbitration contained in the Agreement are hereby deleted, as is any requirement to waive a jury trial. If any breach, default, or other dispute arises out of this Agreement, the Parties agree that they will exercise good faith and commercially reasonable efforts to resolve said breach, default, or other dispute through negotiation and/or mediation. If the parties cannot resolve the matter without litigation, the Parties acknowledge and agree that either the Circuit Court of

Vendor acknowledges and agrees that resolution agreements reached through consultation and negotiation, or any other form of dispute resolution, may be subject to approval by City's governing body during a public meeting.

28. MODIFICATIONS: This writing is the parties' final expression of intent. Notwithstanding anything contained in this Contract to the contrary no modification of this Contract shall be binding without mutual written consent of the City and the Vendor and, for any modification to be enforced against City, shall reference the Section of this Agreement to be modified and specifically identify the term, condition, or obligation to be modified. Any change to existing contracts that adds work or changes contract cost, and was not included in the original contract, must be approved by the City.

29. WAIVER: The failure of either party to insist upon a strict performance of any of the terms or provision of this Contract, or to exercise any option, right, or remedy herein contained, shall not be construed as a waiver or a relinquishment for the future of such term, provision, option, right, or remedy, but the same shall continue in full force and effect. Any waiver must be expressly stated in writing and signed by the waiving party.

30. SUBSEQUENT FORMS: The terms and conditions contained in this Contract shall supersede any and all subsequent terms and conditions which may appear on any form documents submitted by Vendor to the City, such as price lists, order forms, invoices, sales agreements, or maintenance agreements, and includes internet websites or other electronic documents. Solicitation: 2026-26 Haddad Floating Dock Decking Replacement

34. PRIVACY, SECURITY, AND CONFIDENTIALITY: The Vendor agrees that it will not disclose to anyone, directly or indirectly, any such personally identifiable information or other confidential information gained from the City, unless the individual who is the subject of the information consents to the disclosure in writing or the disclosure is made pursuant to the City's policies, procedures, and rules.

35. YOUR SUBMISSION IS A PUBLIC DOCUMENT: Vendor's entire response to the Solicitation and the resulting Contract are public documents. Obligations related to political subdivisions may include, but are not limited to, business licensing, business and occupation taxes, inspection compliance, permitting, etc. Upon request, the Vendor must provide all necessary releases to obtain information to enable the City to verify that the Vendor is licensed and in good standing with the above entities.

Such assignment shall be made and become effective at the time the City tenders the initial payment to Vendor.

38. VENDOR NON-CONFLICT: Vendor represents and warrants that neither it nor any of its directors, officers, members, partners or employees, has any interest nor shall they acquire any interest, directly or indirectly, which would or may conflict or compromise in any manner or degree with the performance of the Services or the provision of Materials as herein provided. Any such interests shall be promptly presented in detail to the City.

39. VENDOR RELATIONSHIP: The relationship of the Vendor to the City shall be that of an independent contractor, and no principal-agent relationship or employer-employee relationship is contemplated or created by this Contract. The Vendor, as an independent contractor, is solely liable for the acts and omissions of its employees and agents. Vendor shall be responsible for selecting, supervising, and compensating any and all individuals employed pursuant to the terms of this Solicitation and resulting contract. Neither the Vendor nor any employees or subcontractors of the Vendor shall be deemed to be employees of the City for any purpose whatsoever. Vendor specifically acknowledges that the indemnification, defense, and hold harmless obligations imposed by this Agreement require Vendor to indemnify and defend City regardless of whether or not any claimant or litigant also alleges that City was negligent. Further, Vendor agrees that its duty to defend and indemnify City does not require a judicial determination of the Vendor's negligence as a precondition of the duty to indemnify and defend City.

In addition to, and not in lieu of the indemnity provisions set forth in this Section, Vendor shall be solely responsible for all physical injuries or death to its officers, agents, employees and subcontractors and, consistent with the obligations imposed by this Agreement, shall indemnify, defend and hold harmless City for such injury or death. Vendor hereby agrees to purchase and carry workers' compensation insurance for all of its employees and to ensure that all of its subcontractors purchase and carry workers' compensation insurance for all of their employees.

In addition to, and not in lieu of the indemnity provisions set forth in this Section, Vendor shall be solely responsible for any and all damage to any property of the City or of any third-party related in any way to Vendor's operations, provision of the Services or Materials, or any act or omission, negligence or misconduct of Vendor. Consistent with the obligations imposed by this Agreement, Vendor shall indemnify, defend and hold harmless City for any and all such damage, and, in the event of damage to any property of City, shall promptly reimburse City for all costs and expenses of any character upon Vendor's receipt of a demand for reimbursement by City.

The indemnity provided for in the Section herein shall be deemed in addition to and in no way a limitation upon the right of common law indemnification of City, its officers, employees, and agents from Vendor.

Vendor agrees to assist the City in enforcing any and all warranties and/or guarantees related to the Materials.

Vendor further warrants that, if any of its completed Services fail to conform to this Agreement or Attachment A, Vendor shall, at its own expense, and provided Vendor is notified of such defect or non-conformity within one year of the completion of the Services, either perform corrective services at no cost to City as may be required to correct such defect or non-conformity or refund to City the amount paid to Vendor for Services that are defective or non-conforming.

City may suspend work if the City Manager or his designee determines that suspension is in the City's best interest and/or the City elects to terminate this Agreement for any of the provisions contained in this Agreement. The City Manager and/or the designee will deliver to Vendor a Notice of Suspension specifying the extent and duration of the suspension and the effective date thereof. Upon receipt of such Notice of Suspension, Vendor shall immediately proceed to stop work, as specified in the notice, place no further subcontracts or orders for materials (except as necessary to complete any work that is not subject to suspension), and take all action(s) necessary, including any action(s) that the City Manager may direct, for the protection and preservation of the Materials and any property related to this Agreement.

If, in the opinion of the City Manager, any work or Materials have been damaged or injured by reason of failure on the part of the Vendor or his subcontractors to protect their work or Materials, such Materials shall be removed and replaced at the expense of the Vendor.

46. GOVERNING LAW: The Agreement shall be deemed to be executed in the City of Charleston, State of West Virginia, regardless of the domicile of Vendor, and shall be governed by the laws of the City of Charleston and State of West Virginia. 2. BONDS: The following bonds must be submitted:

BID BOND: Pursuant to the requirements contained in W. Va. Code § 5-22-1(c), All Vendors submitting a bid on a construction project shall furnish a valid bid bond in the amount of five percent (5%) of the total amount of the bid protecting the State of West Virginia. **THE BID BOND MUST BE SUBMITTED WITH THE BID OR VENDOR'S BID WILL BE DISQUALIFIED.**

PERFORMANCE BOND: The apparent successful Vendor shall provide a performance bond in the amount of 100% of the contract. The performance bond must be received by the City prior to Contract award.

LABOR/MATERIAL PAYMENT BOND: The apparent successful Vendor shall provide a labor/material payment bond in the amount of 100% of the Contract value. The labor/material payment bond must be delivered to the City prior to Contract award.

MAINTENANCE BOND: The apparent successful Vendor shall provide a two (2) year maintenance bond covering the decking system if the work impacts an existing deck. The amount of the bond must be equal to the price associated with the percentage of the project impacting the deck. The maintenance bond must be issued and delivered to the City prior to Contract award.

At a minimum, all construction projects require a bid bond, performance bond, and labor/material payment bond. Failure on the part of the City to checkmark the required bonds above does not relieve the Vendor from the legal requirement of providing these bonds. In lieu of the Bid Bond, the Vendor may provide certified checks or cashier's checks. Any certified check or cashier's check in lieu of the bid bond must be of the same amount required of the Bid Bond and delivered with the bid.

3. DRUG-FREE WORKPLACE AFFIDAVIT: W. Va. Code § 21-1D-5 provides that any solicitation for a public improvement contract requires each Vendor that submits a bid for the work to submit an affidavit that the Vendor has a written plan for a drug-free workplace policy. If the affidavit is not submitted with the bid submission, the City shall promptly request by telephone and electronic mail that the low bidder and second low bidder provide the affidavit within one business day of the request. Failure to submit the affidavit within one business day of receiving the request shall result in disqualification of the bid. To comply with this law, Vendor should complete the enclosed drug-free workplace affidavit and submit the same with its bid. Failure to submit the signed and notarized drugfree workplace affidavit or a similar affidavit that fully complies with the requirements of the applicable code, within one business day of being requested to do so, shall result in disqualification of Vendor's bid. Pursuant to W. Va. Code 21-1D-2(b) and (k), this provision does not apply to public improvement contracts the value of which is \$100,000 or less or temporary or emergency repairs.

3.1. DRUG-FREE WORKPLACE POLICY: Pursuant to W. Va. Code § 21-1D-4, Vendor and its subcontractors must implement and maintain a written drug-free workplace policy that complies with said article. The awarding public authority shall cancel this contract if: (1) Vendor fails to implement and maintain a written drug-free workplace policy described in the preceding paragraph, (2) Vendor fails to provide information regarding implementation of its drug-free workplace policy at the request of the public authority; or (3) Vendor provides to the public authority false information regarding the contractor's drug-free workplace policy. Pursuant to W. Va. Code 21-1D-2(b) and (k), this provision does not apply to public improvement contracts the value of which is \$100,000 or less or temporary or emergency repairs.

Code § 5G-1 will be governed by the terms and conditions contained herein, in addition to AIA documents that may be necessary on a case-by-case basis. In any case, the terms and conditions of this document shall prevail over anything contained in the AIA Documents or the Supplementary Conditions.

6. PROHIBITION AGAINST GENERAL CONDITIONS: Notwithstanding anything contained in the AIA Documents or the Supplementary Conditions, the City will not pay for general conditions, winter conditions, or any other condition representing a delay in the contracts. The Vendor is expected to mitigate delay costs to the greatest extent possible, and any costs associated with Delays must be specifically and concretely identified. The City will not consider an average daily rate multiplied by the number of days extended to be an acceptable charge.

VENDOR PROTEST ACKNOWLEDGMENT

In the event that any vendor desires to protest City's selection, such vendor (hereinafter "Protestor") shall submit its protest in writing, which must be received by City within seven (7) calendar days of after City Council approves of the award. Provided that the City Manager reserves the right to extend the time for submission of the protest if he determines it is reasonable under the circumstances.

The written protest must be submitted to: **Benjamin Mishoe, City Manager, City of Charleston, 501 Virginia Street, Charleston, WV 25301.**

Only vendors who have submitted a timely and responsive proposal may protest City's selection. No protest may be filed if the RFP is withdrawn or if all proposals received in response to the RFP are rejected.

Protests shall include the following information:

1. The Protestor's name, address, telephone number, and fax number;
2. The solicitation number;
3. A detailed statement of the legal and/ or factual grounds for the protest;
4. Copies of all relevant and supporting documentation, if necessary; and
5. A statement as to the form of resolution or relief sought.

FAILURE TO SUBMIT THIS INFORMATION SHALL BE GROUNDS FOR REJECTION OF THE PROTEST.

The City Manager may refuse to review any protests when the matter involved is the subject of litigation before a court of competent jurisdiction; if the merits have previously been decided by a court of competent jurisdiction; or if it has been decided by the City Manager in a previous protest.

At the time of submitting the written protest, Protestor shall submit a certified check in the amount of one thousand dollars (\$1,000.00) or bond equal to five percent (5%) of the price of the selected proposal, whichever is greater. In the event the proposal being protested is for contracted services, an estimated average of the contract value will be determined in order to calculate the five percent (5%) bond value. This bonding requirement is designed to protect against frivolous claims and unnecessary expenditures of public funds and to allow City to offset any and all costs, fees, expenses or damages of any kind whatsoever incurred by City as the result of an unsuccessful protest.

In the event the protest is unsuccessful, the certified check or bond will be used by City to recoup any and all costs, fees, expenses, or damages of any kind whatsoever incurred by City and related in any way to the unsuccessful protest. Costs, fees, expenses, and damages shall include, but shall not be limited to, increased costs of labor, materials or services resulting from any delay,

professional fees, including, but not limited to, attorney fees, and all costs, fees or expenses of any kind whatsoever related in any way to the unsuccessful protest. By signing this document, Protestor waives the right to receive any money retained by City as set forth herein. If there are any funds remaining after City has recouped amounts as permitted herein, the remaining funds will be returned to Protestor. In the event Protestor is successful, the full amount of the certified check or bond will be returned to Protestor.

Upon receipt of a timely written protest, City shall provide notice of the protest to vendor selected as the successful bidder (hereinafter "Selected Vendor") and provide Selected Vendor with a copy of the written protest and any documents related thereto. **Selected Vendor will have two (2) business days to file a written response to the protest.** A hearing may be held within five (5) business days of the **date of receipt of the written response to the protest by Selected Vendor;** provided that, City may, in its sole discretion, set the date of the hearing beyond the five (5) day time period specified herein if deemed necessary or convenient to do so by City. If a hearing is held, both Protestor and Selected Vendor will have an opportunity to appear and present evidence and testimony in support of their positions. The hearing will be held before the City Manager or his designee. The department head of the department seeking the RFP and the City Attorney shall be in attendance.

A decision will be made by City within five (5) business days of the hearing. Upon a decision having been made, both Protestor and Selected Vendor will be notified in writing of City's decision.

In the event City's selection is reversed, City will reevaluate all proposals which were originally and timely submitted, in accordance with state and city laws and regulations. During the reevaluation, issues addressed during the protest proceedings may be considered.

Once a written protest is filed, no work will be performed by Selected Vendor until such time as City has rendered a final decision on the protest; provided that, if City, in its sole discretion, determines time is of the essence regarding receipt of the goods or completion of the services to be performed, City may permit Selected Vendor to proceed pursuant to its proposal and any Agreement with City, until/unless the protest is successful.

By submitting a proposal, each vendor agrees that the procedure outlined herein is the exclusive remedy available to challenge/protest the award of a contract to a successful bidder. The decision of the city manager is final and is not appealable. Each vendor further agrees that, in the event any qualified vendor fails to submit a written protest and certified check or bond within the time period specified, that vendor thereby forever waives its right to any further claim, action, or remedy, including, but not limited to, the right to bring an action before any administrative agency or any court of competent jurisdiction.

INTRODUCTION TO THE CITY OF CHARLESTON MUNICIPAL BUSINESS AND OCCUPATION TAX FOR CONSTRUCTION PROJECTS

Before starting any contracting work in the City of Charleston, all contractors must be registered with the Office of the City Collector (“City Collector”), and be current on all city taxes and fees. The Office of the City Collector is responsible for tracking and collecting all taxes and fees due on any and all construction projects in Charleston. If you are not currently registered with our office, but intend to perform construction work in the city, please complete a *Business Registration Application* and return it to our office.

The purpose of this Project Handbook is to educate individuals performing contracting activities in the City of Charleston of their Business and Occupation (“B&O”) Tax responsibilities, as outlined in Chapter 110, Article II of the Code of the City of Charleston. Included in this handbook are pertinent sections of the state and city code regarding B&O taxes as they relate to contracting activities. In addition, we have also included examples of various forms and documents utilized by our office in our continuing effort to monitor and track your project throughout the construction process.

Any construction project with an estimated cost of \$50,000 or more will be monitored and tracked by our Tax Compliance staff. A Tax Compliance Officer will work closely with you throughout the duration of the project. In order to determine the proper amount of taxes and fees due, we will request complete lists of payments you received during the course of the project, as well as any and all payments made to subcontractors, service providers (architects, engineers, etc.), and suppliers, if applicable.

If you employ, utilize, or enter into a separate contract with any subcontractors, you should withhold at least two percent (2%) of the final contract amount from all subcontractors until a release is issued from the Collectors Office certifying that all taxes and fees due, including final payment/retainage, on this project have been reported/paid. Although the final payment/retainage may not have been issued to the subcontractor, the 2% B&O Tax on the final payment/retainage must be paid prior to the issue of an authorization to release funds. Please complete a *Subcontractor Information Form* (see appendix b) for each contractor, service provider, and supplier you will be using.

We will make every effort to collect the taxes and fees due from your subcontractors. If they fail to report/pay their taxes and fees, you may be held responsible for their liability. Therefore, it is in your best interest as a general contractor, to make sure that all subcontractors that you hire are made aware of their B&O Tax liability to the City.

In addition to registering with the City Collector, all contractors must register with and obtain a current contractor’s license from the State of West Virginia and proof of insurance.

The City Collector and Building Department are located in City Service Center at 915 Quarrier Street, Suite 4. Their offices are open daily Monday through Friday, 8 a.m. until 5 p.m., except holidays. Both departments are ready to assist you with any questions you may have regarding your city responsibilities and obligations.

BUSINESS & OCCUPATION TAX OVERVIEW

The City of Charleston broadly imposes a Business & Occupation (“B&O”) Privilege Tax upon all persons for the act or privilege of engaging in business activities within the City. The term “business” shall include all activities engaged in or caused to be engaged in with the object of gain or economic benefit, either direct or indirect. In determining whether a business is engaged in for “direct or indirect economic gain or benefit”, the lack of profit suffered in said activity is not relevant; nor is it material that the business was engaged in without profit as the primary motivation.

B&O Tax is measured by the application of rates against values of products, gross proceeds of sale, or gross income of the business, as the case may be. All persons engaging in business activities in Charleston are subject to the B&O Tax unless specifically exempted by Chapter 110, Article II, Section 110-63 of the Code of the City of Charleston.

Certain occupations and business activities are classified, and the classifications are significant inasmuch as the tax liability varies because of the different rates established for the types of business activities engaged in by the taxpayer. The business activity usually determines the taxable classification, and where different business activities are conducted, the taxpayer is liable for tax under each taxable classification involved. If you are uncertain as to your business activity or how your business should properly calculate the tax, please contact our office.

B&O Tax returns are due within one month following the end of the taxable quarter. Quarterly payments are due in April, July, October and January. Penalty and interest will be applied against any return that is received after these months. If you did not conduct business activity during a particular reporting period, you still must file a “zero” return.

1a.25.2. 1a.25.3. The word "Subcontractor" means a person engaged in the business of performing a like or similar service for persons other than consumers, either for the entire work or for a specific portion thereof.

1a.25.4. The terms "Prime Contractor" and "Subcontractor" include persons performing labor and services in respect to the moving of earth or clearing of land, razing or moving existing buildings or structures even though such services may not be done in connection with a contract involving the constructing, repairing, or altering of a new or existing building or structure.

West Virginia Code Title 110-26-2. IMPOSITION OF PRIVILEGE TAX

2.1 The municipal business and occupation tax is a tax imposed upon persons for the act of privilege of engaging in business activities. The tax is measured by the application of rates against values of products, gross proceeds of sale or gross income of the business, as the case may be.

2.1.1 All persons engaging in business activities in a municipality which has ordinances providing for a municipal business and occupation tax pursuant to the authority granted by the Legislature in W.Va. Code §8-13-5 are subject to the municipal business and occupation tax unless specifically exempted by statute or by these rules and regulations.

2.1.2 Certain occupations and business activities are classified, and the classifications are significant inasmuch as the tax liability varies because of the different rates established for the types of business activities engaged in by the taxpayer. The business activity usually determines the taxable classification, and where different business activities are conducted, the taxpayer is liable for tax under each taxable classification involved.

West Virginia Code Title 110-26-2e. Contracting.

2e.1. The business of contracting is taxable under the municipal business and occupation tax law and the gross income derived therefrom must be reported under the contracting classification. See Section 1a of these rules as to definition of "Contracting," "Prime Contractor," "Subcontractor," "Buildings or Structures," "Contracting, Repairing, Decorating or Improving" and "Speculative Builder".

2e.2. Prime and subcontractors, taxable on gross income with no deductions therefrom. -- A prime contractor, one who furnishes work or both materials and work under a written or oral contract, for the construction, alteration, repair, decoration or improvement of a new or existing building or structure or any part thereof, or for the alteration, improvement or development of realty, must report his gross income under the contracting classification without any deduction on account of any expenses incurred. If the prime contractor executes a contract with another for a portion of the job or project, the prime contractor receives no deduction from gross income on account of any payments made to the subcontractor. The subcontractor will also be taxable on his

gross income under the contracting classification.

2e.3. Contract entered into with governments. -- Gross income received by a person for contracting activities performed for the State of West Virginia, the federal government or any of their instrumentalities, agencies, boards, commissions or political subdivisions, etc., or performed for nonprofit organizations is taxable and shall be reported under the contracting classification. The fact that the owner is a governmental unit or a nonprofit organization does not relieve the contractor, subcontractor, suppliers or any other person from liability for municipal business and occupation tax on the full amount of gross income.

2e.4. Form of contract.

2e.4.1. Persons engaged in the contracting business shall report the entire gross income under the contracting classification, regardless of whether the contract is a turnkey contract, lump sum contract, per unit contract, cost plus fixed fee contract, or other contract having a similar basis. Gross income received from a contracting activity must be reported under the contracting classification and the manner of performance, basis of determining cost, fee or income or form of contract shall not alter the definition of contractor or of contracting and shall not change the taxability of such income from the contracting classification to another classification. A contracting activity remains a contracting activity regardless of what the parties may name it and regardless of the manner in which the parties may make payment and perform the work.

2e.4.2. The measure of the tax under the contracting classification is gross income and includes all items of cost where the contractor has incurred liability. The cost of materials and labor can only be exempted from the measure of the tax in those cases where the contractor is not liable to vendors or workmen for payment. In those cases where the contractor contends that he has not incurred a municipal business and occupation tax liability because he acted solely as agent for the owner, the burden of proving alleged principal-agency relationship shall be upon the contractor.

2e.5. Separate contracts for labor and materials.

2e.5.1. In cases where the contractor enters into a separate contract for the furnishing of materials by the contractor and a separate contract for erection of such materials by the contractor, the gross income from both contracts is taxable under the contracting classification, unless it can be proved by the contractor that passage of title of the materials was not dependent upon the erection of the materials by the contractor and that the sale of such materials is, in fact, a separate and distinct transaction, taxable under the municipal business and occupation tax law, as a retail or wholesale sale, as the case may be. The contract to furnish materials shall not be considered a separate and distinct transaction from the contract to erect the same, unless it is established by the contractor to be a complete arm's length transaction with no dependency existing between the contract for materials and the contract for erection. The burden of proving any alleged arm's length transaction shall be upon the contractor.

2e.5.2. A separate purchase order for the furnishing of work or labor and a separate purchase order for the furnishing of materials which constitute the contract(s) between the parties shall be treated in the same manner as set forth in the paragraph above.

West Virginia Code Title 110-26-11. DOING BUSINESS WITHIN AND WITHOUT THE MUNICIPALITY

11.1 Persons domiciled outside a municipality who (a) lease tangible personal property to lessees in the municipality, or (b) perform construction or installation contracts in the municipality, or (c) render services to others therein, are doing business in the municipality irrespective of the domicile of such persons and irrespective of whether or not such persons maintain a permanent place of business in the municipality.

11.2 Persons domiciled outside a municipality who sell tangible personal property to persons in the municipality, may be doing business in the municipality, irrespective of the domicile of such persons and irrespective of whether or not such persons maintain a permanent place of business in the municipality.

11.3 Persons domiciled in and having a place of business in a municipality, who (a) sell or lease personal property to buyers or lessees outside the municipality, or (b) perform construction or installation contracts outside the municipality, or (c) render services to others outside the municipality, are doing business both within and without the municipality. Whether or not such persons are subject to municipal business and occupation tax under the law depends upon the kind of business and the manner in which it is transacted. The following general principles govern in determining tax liability under the municipal business and occupation tax.

11.3.1 When the business involves a construction or installation contract in the municipality, no deduction from the measure of the tax is permitted, even though the contractor is domiciled outside the municipality and maintains a place of business outside the municipality which may contribute to the contract performed in the municipality.

11.3.2 When the business involves a construction or installation contract outside the municipality, the tax does not apply to any part of the income derived therefrom (except such part of the income as may be applicable to the manufacturer in the municipality by the contractor or articles used or incorporated in such construction or installation), even though the contractor is domiciled in the municipality and maintains a place of business therein which may contribute to the contract performed outside the municipality.

Code of the City of Charleston Section 110-56. BUSINESS OF CONTRACTING

(a) Upon every person engaging or continuing within the city in the business of contracting, the tax shall be equal to two percent of the gross income of the business. A person performing any contracting activity shall report his/her gross income therefrom under the contracting classification of the municipal business and occupation tax return and shall receive no deduction from gross income on the account of any expenses incurred. All income derived from said activity shall be reported under the contracting classification, and the form of contract entered into by the parties shall not be determinative of taxable classification.

(b) Form of contract. Persons engaged in the contracting business shall report the entire gross income under the contracting classification, regardless of whether the contract is a turnkey contract, lump sum contract, per unit contract, cost plus fixed fee contract, or other contract having a similar basis. Gross income received from a contracting activity must be reported under the contracting classification and the manner of performance, basis of determining cost, fee or income or form of contract shall not alter the definition of contractor or of contracting and shall not change the taxability of such income from the contracting classification to another classification. A contracting activity remains a contracting activity regardless of what the parties may name it and regardless of the manner in which the parties may make payment and perform work.

(c) Costs. The measure of the tax under the contracting classification is gross income and includes all items of cost where the contractor has incurred liability. The cost of materials and labor can only be exempted from the measure of the tax in those cases where the contractor is not liable to vendors or workmen for payment. In those cases where the contractor contends that he/she has not incurred a municipal business and occupation tax liability because he/she acted solely as an agent for the owner, the burden of proving alleged principal-agency relationship shall be upon the contractor.

(d) Separate contracts for labor and materials. In cases where the contractor enters into a separate contract for the furnishing of materials by the contractor and a separate contract for erection of such materials by the contractor, the gross income from both contracts is taxable under the contracting classification, unless it can be provided by the contractor that passage of title of the materials was not dependent upon the erection of the materials by the contractor and that the sale of such materials is, in fact, a separate and distinct transaction, taxable under the municipal business and occupation tax law, as a retail or wholesale sale, as the case may be. The contract to furnish materials shall not be considered a separate and distinct transaction from the contract to erect the same, unless it is established by the contractor to be a complete arm's length transaction with no dependency existing between the contract for materials and the contract for erection. The burden of proving any alleged arm's length transaction shall be upon the contractor.

(e) Separate purchase orders. A separate purchase order for the furnishing of work or labor and a separate purchase order for the furnishing of materials which constitutes the contract(s) between the parties shall be treated in the same manner as set forth in the paragraph above.

(f) Prime and subcontractors. A prime contractor, one who furnishes work or both materials and work under a written or oral contract, for the construction, alteration, repair, decoration or improvement of a new or existing building or structure or any part thereof, or for the alteration, improvement or development of realty, must report his/her gross income under the contracting classification without any deduction on account of any expenses incurred. If the prime contractor executes a contract with another for a portion of the job or project, the prime contractor receives no deduction from gross income on account of any payment made to the subcontractor. The subcontractor will also be taxed on his/her gross income under the contracting classification.

(g) Contract entered into with government. Gross income received by a person for contracting activities performed for the State of West Virginia, the federal government or any of their instrumentalities, agencies, boards, commissions or political subdivisions, etc., or performed for nonprofit organizations is taxable and shall be reported under the contracting classification. Code of the City of Charleston Section 110-81. TAX CUMULATIVE

(a) The tax imposed by this article shall be in addition to all other licenses and taxes levied by law as a condition precedent to engaging in any business, trade, calling or activity. A person exercising a privilege taxable under this article, subject to the payment of all licenses and charges which are a condition precedent to exercising the privilege tax, may exercise the privilege for the current tax year upon the condition that he shall pay the tax accruing under this article.

(b) *Computation of tax.*

(1) The taxes levied hereunder shall be due and payable in quarterly installments on or before the expiration of one month from the end of the quarter in which they accrue, except as otherwise provided in this subsection. The taxpayer shall, within one month from the expiration of each quarter, make a return reporting the tax for which he/she is liable for such quarter; sign it and mail it, together with any remittance due, in the form required by Section 110-82 of the amount of the tax to the office of the city collector. In reporting and remitting the amount of tax due each quarter, the taxpayer may deduct one-fourth of the total exemption allowed for the year. When the total tax for which any person is liable under this article does not exceed the sum of \$2,500.00 in any year, the taxpayer may pay the tax quarterly as aforesaid or, with the consent in writing of the city collector in the manner prescribed by regulations promulgated pursuant hereto, on an annual basis at the end of the month next following the close of the tax year.

(2) The city collector, if he deems it necessary, based upon past experience with a taxpayer, based on the past practices of a taxpayer, based on the financial condition of the taxpayer, or based on the size of the contract, in order to insure payment of the taxes levied hereunder, may require return and payment under this section for other than quarterly periods. Furthermore, if the city collector deems it necessary to insure payment of the business and occupation tax, they may require a deposit to be paid by the taxpayer prior to when the taxes accrue and are otherwise payable. The amount of the deposit shall be determined and/or based upon the taxpayer's projected gross income or gross proceeds of sale for the applicable tax period. This deposit shall be paid to the office of the city collector, at a date and time, and in a manner determined by the city collector.

(3) Every contractor whose principal business location is outside of the city, shall register with the city collector prior to engaging in the performance of a contract in this city, and the city collector, if he deems it necessary, based on the past experience with a taxpayer, based on the past practices of a taxpayer, based on the financial condition of the taxpayer, or based on the size of the contract, in order to insure payment of the taxes levied hereunder, may also require the following:

(a) At the time of registration, each contractor shall deposit with the city collector six percent of the amount the contractor is to receive for the performance of the contract, which sum shall be held within a contractor's use tax fund pending the completion of the contract.

(b) In lieu of the six percent deposit, each contractor may request the approval of the city collector to provide, in the alternative, a corporate surety bond to be approved by the city collector as to form, sufficiency, value, amount, stability, and other features necessary to provide a guarantee of payment of the tax due the city.

Code of the City of Charleston Section 110-82. RETURN AND REMITTANCE; TAX YEAR

(a) On or before 31 days after the end of the tax year, each person liable for the payment of a tax under Section 110-51 shall make a fourth quarter return, showing the gross proceeds of sale or gross income of business, trade, calling or activity, computing the amount of tax chargeable against him in accordance with the provisions of this article and transmit with his report a remittance in the sum required by this section, covering the remainder of the tax chargeable against him, in the office of the city collector. Such returns shall be verified by the oath of the taxpayer, if made by an individual, or by the oath of the president, vice president, secretary or treasurer of a corporation, if made on behalf of the corporation. If made on behalf of a partnership, joint venture, association, trust or any other group or combination acting as a unit, any individual delegated by such firm, group or unit shall take the oath on behalf of the taxpayer.

(b) The assessment of taxes herein made and the returns required therefore shall be for the year ending December 31. If the taxpayer, in exercising a privilege taxable under this article, keeps the books reflecting the same on the basis other than the calendar year, he may with the written consent of the city collector, make his annual returns and pay taxes for the year covering his accounting period, as shown by the method of keeping his books.

(c) All remittances of taxes imposed by this article shall be made to the city collector, in lawful money of the United States or by bank draft, certified check, cashier's check, money order or certificate of deposit, who shall pay the money into the city treasury, to be kept and accounted for as provided by law.

Code of the City of Charleston Section 110-83. EXTENSIONS OF TIME; PAYMENT PLANS

(a) The city collector, upon approval from city manager, may grant a reasonable extension of time for payment of tax or any installment, or for filing the fourth quarter return or quarterly return required pursuant to this article, on such terms and conditions that he may require. No such extensions shall exceed six months.

(b) The city collector, upon approval from city manager, may extend the time for payment of an amount determined as a deficiency for a period not to exceed 12 months from the date designated for payment of the deficiency. An extension of this time may be granted only where it is clearly established to the satisfaction of the city collector that the payment of a deficiency upon the date designated for payment would result in undue hardship.

(c) If any extension of time is granted for payment of any tax or deficiency, the city collector may require the taxpayer to furnish a bond or other security, in an amount not exceeding twice the amount for which the extension of time for payment is.

Code of the City of Charleston Section 110-84. RECORDS, STATEMENTS AND INVESTIGATIONS

(a) For the purpose of ascertaining the correctness of a tax return or an assessment for the purpose of making an estimate of any taxpayer's liability for the tax administered under this article, the city collector shall have the power to examine or cause to be examined, by any agent or representative designated by the city collector, any books, papers, records, memoranda or other documents bearing upon the matters required to be included in the return and may require the attendance of the person rendering the return or the attendance of any other person having knowledge of the matters contained therein. In connection therewith, the city collector may take testimony and shall have the power to administer an oath to such person.

(b) The city collector may prescribe rules and regulations as to the keeping of records, the content and form of returns and the filing of copies of city business and occupation tax returns and determinations. The city collector may require any person, by notice served upon such person, to make such returns and keep such records as the city collector may deem sufficient to show whether or not such person is liable under this article for such tax.

Code of the City of Charleston Section 110-35. REVOCATION OF LICENSES AND PERMITS

(a) The city collector has the authority to revoke any and all licenses and permits issued by the city in the event a licensee/permittee fails to file any city tax return or fails to pay any delinquent taxes, fees or any interest or penalty thereon due and owing to the city. The city collector has the authority to deny and prevent any and all licenses and permit privileges to those persons who are delinquent in paying taxes, fees or any interest or penalty thereon due and owing the city.

(b) In the event of revocation, the city collector will provide written notice to the licensee/permittee at least five days prior to the contemplated revocation and such notice shall be served by certified mail. The notice shall indicate the time and the place of the revocation review meeting, the general grounds of said contemplated revocation, and shall advise the licensee/permittee of his/her rights to appear at said hearing in person and represented by legal counsel, and to be heard orally upon the merits of his/her defense. The city collector may request legal advice from the city attorney's office, and adopt such procedures for its decorum and the dispatch of business at such hearings as he/she may regard advisable. The revocation decision of

the city collector will be final; provided, that those licensees/permittees who are subject to administrative or judicial appeals, pursuant to Sections 110-113 through 110-115, may utilize these procedures in accordance with the Code, but will not be grounds to delay the revocation process.

(c) Each license or permit that has been revoked pursuant to this section may be re-issued upon payment of all delinquent B&O taxes, fees or any interest or penalty thereon due and owing to the city.

Code of the City of Charleston Section 110-145. INTEREST AND PENALTIES

(a) The tax imposed by this article, if not paid when due, shall bear interest at the rate of at least eight percent per annum from the due date of the return until paid. The city collector may charge an interest rate equal to the adjusted rate charged by commercial banks to large business, in the manner described in W. Va. Code § 11-10-17a.

(b) If any taxpayer fails to make the return or any quarterly installment required by this article, or make his return but fails to remit, in whole or in part, the proper amount of tax, there shall be added to the amount of tax unpaid, from the date such tax should have been paid, a penalty in the amount of five percent of the tax for the first month, or fraction thereof, of delinquency, and one percent of the tax for each succeeding month, or fraction thereof of delinquency provided, that if such failure is due to reasonable cause, the city collector may waive, with final approval from the city manager, in whole or in part, these penalties. Additionally, if the failure to pay is due to fraud or intent to evade any such tax there shall be added an additional penalty of 25 percent of the tax owed, exclusive of penalties.

(c) Interest and penalties may be collected in the same manner as the tax imposed by this article.

Code of the City of Charleston Section 110-148. FINAL SETTLEMENT WITH CONTRACTORS; USER PERSONALLY LIABLE

(a) Any person contracting with a person engaged in a business or service taxed under this article shall withhold payment, in sufficient amount to cover taxes assessed by this article, in the final settlement of such contracts until the receipt of a certificate from the city collector to the effect that all taxes levied and accrued under this article against the contractor have been paid.

(b) If any person shall fail to withhold as provided herein, he shall be personally liable for the payment of all such taxes, and the same shall be recoverable by the city collector by appropriate legal proceedings.
