Larry Ford Superintendent

Dear Spring Hill Cemetery Park Visitors:

We trust you will share the pride we have in knowing that the Spring Hill Cemetery and the adjoining private resting repositories are listed on the National Register of Historic Places. As you may be aware, this cemetery is one of the most historic in the United States. Our ancestors were using this area as a cemetery as early as 1818.

Spring Hill Cemetery Park is a significant natural habitat for wildliff, and plans are underway to develop the grounds as an arboretum.
